

## CEREC Smile Makeover

**CEREC Happens.** The CEREC hardware and software has the tools to design and produce restorations that rival high-end aesthetics. My primary objective with this case started with preparations to facilitate cant correction, thin centrals, widen buccal corridors and design restorations to embrace golden proportions. IPS Empress CAD block selection: Molars and Premolars Multi B1, Canines Multi A1, and Incisors B1 with incisal cutback and layering.
